CAR REPAIR UNIVERSAL

SANDING AID

Fast drying black control lacquer as aid for sanding.

Description	Contents	Article number	EAN-code
Sanding Aid Black	500 ml	04057	8711347066582

Remove loose old lacquer and rust.
Sand the surface to be treated.

Damages, if any, can be treated with an appropriate putty.

The surface should be clean, dry and free of grease.
Apply the primer in several thin layers.
Before applying the next layer, again shake the aerosol.

The surface should be clean, dry and free of grease.
Apply one thin layer of Sanding Aid (control lacquer) and allow to dry.
Sand the surface till the control lacquer is completely removed. In case of irregularities, the surface will stay black.

When desired, these irregularities can be treated with an appropriate putty, after which repeat the procedure with Sanding Aid.

PRIMER

Fast drying primer to treat surfaces, treated and untreated, of wood, metal, aluminium, glass and stone. The primer has excellent coverage and filling properties and is rust preventive. The primer is easy to sand, both wet and dry (from grain 400) and re-sprayable with all lacquer systems. MoTip Primer is available in four colours, grey, red, black and white, in aerosols of 500 ml. Touch-up of 12 ml, only available in grey.

SEALER

Paintable sealant grey for sealing of joints, edge-to-edge joints, grooves and overlapping in car, carriage and container construction. Particularly useful for sealing welding points at the front and rear of cars and at places which are difficult to reach in the boot and interior of the vehicle. Properties: As it is very stable and processed almost fibre-free MoTip brushable sealant has an almost true-to-original surface structure. The sealant has excellent adhesive properties on untreated, primed, painted and galvanized metal sheets. The sealant dries swiftly, enabling it to be painted over quickly with all paints normally available. The sealant can stand temperatures from -25°C to +80°C. Directions for use: The surfaces must be clean, dry, grease and oilfree.

TOTAL GLASS CARE

GLASS CLEANER
User-friendly spray to clean windscreens. Glass cleaner has high dissolving properties and leaves no residue. MoTip Car Care Glass Cleaner is a slightly basic, cleansing and de-greasing foam.

ANTI CONDENS
Spray to prevent condensing of windscreens and windows. MoTip Car Care Anti Condens is free from solvents and is for interior and exterior use.

GLASS CLEANER
Cleaner for windscreens and mirrors. MoTip Car Care Glass Cleaner has excellent cleansing properties and is slightly basic.

RAIN AWAY
User-friendly, water repellent spray for windscreens, mirrors and visors. MoTip Car Care Rain Away reduces the adhesion of dirt and contains silicones.

LEATHER CONDITIONER
User-friendly maintenance product to clean and protect upholstery of leather and semi leather. Leather conditioner reduces the adhesion of dirt and conditions leather.

Leather Conditioner spray contains Vaseline and is silicone free.

Leather Conditioner flacon is free from solvents and contains silicones.

TEXTILE CLEANER
Effective, fast-drying foam to clean fabrics. Textile cleaner is a user-friendly, dry, cleansing foam. MoTip Car Care Textile Cleaner has high dissolving properties and a subtle scent.

RUBBER & PLASTIC 'CONDITIONER'
User-friendly spray for exterior parts of vehicles. To condition rubber parts. And to restore the gloss and intensify the colour of plastic parts. Plastic & rubber conditioner gives a lasting gloss and is very suitable to remove residue of polishes. Plastic & rubber conditioner prevents freezing and drying out of rubber parts and protects against weather influences.

BUMPER BLACK
Maintenance product for black, plastic bumpers, to restore the colour and the gloss. Bumper black protects against weather influences and reduces the adhesion of dirt. MoTip Car Care Bumper Black contains silicones and is free from solvents.

CAR CLEANERS

INSECT CLEANERS

User-friendly, intensive cleaner to remove insects. Insect cleaner has excellent cleansing properties and contains tenside. MoTip Car Care Insect Cleaner is slightly basic and is safe for plastic and lacquered parts.

SHAMPOO

Shampoo with excellent cleansing properties to clean motor vehicles. MoTip Car Care Shampoo is highly concentrated and free from solvents.

CHROME POLISH

Polish, with excellent cleansing properties, to protect and clean chrome parts. Chrome polish protects against weather influences and gives a glossy result. MoTip Car Care Chrome Polish reduces the adhesion of dirt, is free from solvents and contains silicones.

SUPER SHAMPOO & WAX

Shampoo with wax to clean and protect motor vehicles. Super shampoo & wax has excellent cleansing properties and gives a glossy result. Super shampoo & wax protects against weather influences and reduces the adhesion of dirt. MoTip Car Care Super Shampoo & Wax is free from solvents and is highly concentrated.

SPEED WAX

Very effective, user-friendly spray to obtain a lasting gloss. Suitable to treat lacquered, plastic and chrome-plated parts. Speed wax is ideal for larger surfaces. Speed wax is water repellent and gives a lasting gloss. Speed wax reduces the adhesion of dirt and protects against weather influences. MoTip Car Care Speed Wax is pH-neutral and non-polishing and contains silicones.

TAR & RESIN 'REMOVER'

Spray, with excellent dissolving properties, to remove tar, bitumen, asphalt and resin. MoTip Car Care Tar & Resin Remover is easy to apply and pH-neutral.

SILICONE SPRAY

Silicone spray to lubricate and protect plastic or rubber parts. Silicone spray is water-repellent, pH-neutral and resistant to weather influences and weak acids and bases. Silicone spray prevents freezing and drying out of rubber parts and creaking and squeaking of plastic parts. Silicone spray has outstanding mechanical and thermal stability. MoTip Silicone Spray has a directed jetspray and is resistant to temperatures of - 50°C up to + 200°C.

Description	Contents	Article nr	EAN-code
Silicone Spray	500 ml	090107	8711347226481

ELECTRO PROTECT

Electro preservative with good penetrating properties to prevent starting problems caused by moisture. Electro protect is water-repellent and moisture repellent. Electro protect is resistant to water, salt and weak acids and bases and is pH-neutral. MoTip Electro Protect has excellent adhesion and excellent corrosion prevention.

Description	Contents	Article nr	EAN-code
Electro Protect	500 ml	090108	8711347226504

V-BELT SPRAY

Spray with excellent adhesion to protect V-Belts and to remedy and prevent slipping. V-belt spray is dilatant and user-friendly and gives lasting protection. MoTip V-Belt Spray delays the wear, conditions V-belts and is resistant to weather influences.

Description	Contents	Article nr	EAN-code
V-Belt Spray	500 ml	090102	8711347226382

CABLE PROTECT

Transparent spray with excellent adhesion to prevent damage on cables and wires by martens. Martens will avoid the treated surfaces, in view of the unique, sticky protection film which is formed. In view of the special formula, anti marten can even be applied on moving parts. Cable Protect gives lasting protection and is inodorous. MoTip Cable Protect is resistant to weather influences and weak acids and bases.

Description	Contents	Article nr	EAN-code
Cable Protect	500 ml	090103	8711347226405

IMPREGNATION SPRAY

Spray to protect textile and leather from moisture and the adhesion of dirt. As a result of the unique formula, an invisible, protecting film is formed, which is water-repellent, however, breathing and effectively prevents renewed adhesion of dirt. MoTip Impregnation Spray gives lasting protection and is user-friendly.

Description	Contents	Article nr	EAN-code
Impregnation Spray	500 ml	090104	8711347226429

TECHNICAL LUBRICATION

INDUSTRIAL CHAIN GREASE

Spray to lubricate chain-driven transmissions, which are liable to heavy load. Industrial chain grease can be processed like oil, with the properties of grease.

Description	Contents	Article nr	EAN-code
Industrial Chain Grease	500 ml	090205	8711347226306

MULTISPRAY

Universal oil to lubricate, protect and clean parts of metal and plastic. Multispray has good penetrating properties and a cleansing effect. Multispray is moisture repellent and rust preventive. Multispray removes oil, grease, wax, underbody coating and tar and after cleaning leaves a protective film.

Description	Contents	Article nr	EAN-code
Multispray	500 ml	090206	8711347226320

PTFE DRY

Dry, surface lubricant to treat mechanical parts of metal and plastic, where no residues of oil or grease are desired. PTFE dry leaves no residues of oil or grease (dry film) and prevents wear and sticking. PTFE dry has a very low friction factor and an excellent adhesion and is resistant to weather influences. PTFE dry is suitable for parts which are liable to light load and low speed. MoTip PTFE Dry can also be used as release agent for moulds, where the use of silicones is not desired.

Description	Contents	Article nr	EAN-code
PTFE Dry	500 ml	090201	8711347226245

PTFE OIL

Universal lubricant with outstanding mechanical and thermal stability to treat mechanical parts of metal and plastic. PTFE oil has a very low friction factor, a fine structure (particle size approximately 5 micrometer) and excellent adhesion. PTFE oil is resistant to weather influences and weak acids and bases, water-repellent and pH-neutral. PTFE oil prevents wear and sticking. MoTip PTFE Oil is resistant to temperatures of - 50°C up to + 250°C.

Description	Contents	Article nr	EAN-code
PTFE Oil	500 ml	090203	8711347226269

WHITE GREASE

Spray grease with excellent adhesion and high viscosity to lubricate mechanical parts of metal or plastic. White grease has outstanding mechanical and thermal stability and is resistant to weather influences and weak acids and bases. White grease is water-repellent and pH-neutral. White grease contains PTFE (polytetrafluorethen) and prevents wear and sticking. MoTip White Grease is resistant to temperatures of - 30°C up to + 160°C.

Description	Contents	Article nr	EAN-code
White Grease	500 ml	090204	8711347226283

TECHNICAL CLEANING

TEXTILE CLEANER

Effective, fast-drying foam with high dissolving properties to clean fabrics. Textile cleaner is user-friendly and neutralizes unpleasant smells. MoTip Textile Cleaner has a subtle scent.

Description	Contents	Article nr	EAN-code
Textile Cleaner	500 ml	090500	8711347225781

TYRE CLEANER

Foam to clean and condition tyres and to intensify the colour of tyres. Tyre cleaner is user-friendly and gives a glossy result. Tyre cleaner contains silicones and has a low solvent content. MoTip Tyre Cleaner protects against weather influences and can be applied on wet tyres.

Description	Contents	Article nr	EAN-code
Tyre Cleaner	500 ml	090502	8711347225828

INDUSTRIAL CLEANER

Universal cleaner to remove a-polar and polar contaminations from parts, treated and untreated, of metal and various types of plastic. Industrial cleaner has high dissolving properties and leaves no residue. Industrial cleaner is non-conductive and on-corrosive.

Description	Contents	Article nr	EAN-code
Industrial Cleaner	500 ml	090509	8711347225927

CARBURETTOR CLEANER

Cleaner for the interior and the exterior of carburettors and valves, without disassembly. Carburettor cleaner has high dissolving properties and leaves no residue. MoTip Carburettor Cleaner is non corrosive and has a directed jetspray.

Description	Contents	Article nr	EAN-code
Carburettor Cleaner	500 ml	090510	8711347225620

STAINLESS STEEL CLEANER

Spray to clean and protect stainless steel parts. In view of the unique formula, after cleaning a thin protecting film is formed, which effectively prevents renewed adhesion of dirt.

Description	Contents	Article nr	EAN-code
Stainless Steel Cleaner	500 ml	090503	8711347225804

TECHNICAL CLEANING

POWER BRAKE CLEANER

Brake cleaner with excellent dissolving properties. Brake Cleaner leaves no residue and is non-conductive and non-corrosive. MoTip Brake Cleaner has a powerful jetspray and can be used in various positions.

Description	Contents	Article nr	EAN-code	CO ₂
Power Brake Cleaner	500 ml	090563	8711347225767	

BRAKE CLEANER 750 ML

Brake cleaner with excellent dissolving properties. Brake Cleaner leaves no residue and is non-conductive and non-corrosive. MoTip Brake Cleaner has a powerful jetspray and can be used in various positions.

Description	Contents	Article nr	EAN-code	CO ₂
Brake Cleaner	750 ml	090514	8711347222070	

CONTACT CLEANER

Spray with high dissolving properties to clean electrical contacts. Contact cleaner is non-conductive and non-corrosive and leaves no residue. MoTip Contact Cleaner has a powerful jetspray and can be used in various positions.

Description	Contents	Article nr	EAN-code
Contact Cleaner	500 ml	090505	8711347225644

AIRCO CLEANER

Effective foam to clean the air-conditioning in motor vehicles. MoTip Airco Cleaner gives a subtle scent as well as a lasting protection for smells.

Description	Contents	Article nr	EAN-code
Airco Cleaner	500 ml	090508	8711347225842

ENGINE CLEANER

Effective tool to clean engines. Engine cleaner has high dissolving properties and leaves no residue. MoTip Engine Cleaner is non-conductive and non-corrosive.

Description	Contents	Article nr	EAN-code
Engine Cleaner	500 ml	090506	8711347225606

TECHNICAL CLEANING

CITRUS CLEANER

Citrus cleaner to remove fat, tar, grease, wax, ink, resin, stickers and glue residues from surfaces of treated and untreated metal, wood, stone and several types of plastic.

Description	Contents	Article nr	EAN-code
Citrus Cleaner	500 ml	090513	8711347225941

DPF CLEANER

Tool to loosen and remove ash deposits in diesel-particle filter systems, without disassembly. DPF Cleaner is fast-acting and is non-corrosive. MoTip DPF Cleaner is free from solvents and non-flammable.

Description	Contents	Article nr	EAN-code
DPF Cleaner	500 ml	090515	8711347228836

EGR CLEANER

Fast acting exhaust gas recirculation cleaner, to dissolve deposits in EGR valve, air intake system, manifold and inlet valves. To restore air flow to engine, improving power and acceleration and reducing exhaust smoke. EGR cleaner leaves no residue and prevents the deposit of resin. MoTip EGR Cleaner has a 360° valve.

Description	Contents	Article nr	EAN-code
EGR Cleaner	500 ml	090516	8711347228850

MULTI FOAM

Universal cleaning foam with high dissolving properties for light contaminations. Multi foam cleaner is user-friendly and very effective and has a subtle scent. MoTip Multi Foam Cleaner to remove deposits of smoke, ink and grease.

Description	Contents	Article nr	EAN-code
Multi Foam	500 ml	090511	8711347225866

GLASS CLEANER

Spray to clean windscreens and mirrors. Glass cleaner is a de-greasing foam with high dissolving properties. MoTip Glass Cleaner is user-friendly.

Description	Contents	Article nr	EAN-code
Glass Cleaner	500 ml	090504	8711347225880

GASKET REMOVER

Spray for the fast and easy removal of dried adhesives and seals, as well as hardened sealing material from car and machine parts. Gasket remover has high dissolving properties and is non-conductive and non-corrosive. In view of the high viscosity, gasket remover has optimum effect. MoTip Gasket Remover is user-friendly and has a directed jetspray.

Description	Contents	Article nr	EAN-code
Gasket Remover	500 ml	090403	8711347225705

ANTI-WELDING SPRAY

Spray to prevent adhesion of welding spatter on the welding mouth and the surroundings of the welding zone. Anti-welding is non-flammable, silicone-free and non-corrosive. As a result of the unique formulation with pure nitrogen, a high coverage is obtained. Anti-welding is slightly basic and can be removed with water. MoTip Anti-Welding has a misty spray pattern and can be used in various positions.

Description	Contents	Article nr	EAN-code
Anti-Welding Spray	400 ml	090404	8711347226061

LEAK DETECTOR

Spray to trace leakages in gas pipes. Leak detector is non-flammable and non-corrosive. Leak detector can be removed with water and is environmental friendly. Leak detector is slightly foaming and slightly basic. MoTip Leak Detector is DVGW certified, number NG/5170BR0105.

Description	Contents	Article nr	EAN-code
Leak Detector	400 ml	090406	8711347226047

CUT & DRILL LUBRICANT

Oil to prevent over-heating of metals in cutting and drilling activities. Cut and drill lubricant protects and lubricates the tool and reduces wear of the tool. MoTip Cut and Drill Lubricant is silicone free and non-corrosive.

Description	Contents	Article nr	EAN-code
Cut & Drill Lubricant	500 ml	090407	8711347225965

DUST REMOVER

Powerful tool to, under high pressure, remove dust and loose dirt from places which are hard to reach. Dust remover is non-flammable and inodorous and leaves no residue. MoTip Dust Remover is very user-friendly and has a powerful, directed jetspray.

Description	Contents	Article nr	EAN-code
Dust Remover	360 ml	090408	8711347225743

TECHNICAL TOOL

QUICK START

Effective tool for starting problems with internal combustion engines. Inject the ether-based MoTip Quick Start into the air inlet of the air filter for several seconds and start the engine.

Description	Contents	Article nr	EAN-code
Quick Start	500 ml	090405	8711347226085

FREEZER ELECTRONIC

Effective, non-flammable tool to trace cracks in printed circuit boards. Freezer electronic can be used in various positions. MoTip Freezer Electronic briefly decreases the temperature to - 55°C and has a directed jetspray.

Description	Contents	Article nr	EAN-code
Freezer Electronic	360 ml	090409	8711347225682

PAINT REMOVER

Very effective tool to remove old layers of lacquer on surfaces of stone, concrete, asphalt, metal and wood. MoTip Paint Remover has a gel structure and is user-friendly.

Description	Contents	Article nr	EAN-code
Paint Remover	500 ml	090410	8711347225729

TECHNICAL ASSEMBLY

ASSEMBLY GREASE

Grease with excellent adhesion to prevent wear and sticking of screwed connections which are liable to heavy workload. Assembly grease is water-repellent and has an excellent corrosion prevention.

Description	Contents	Article nr	EAN-code
Assembly Grease	500 ml	090310	8711347226344

COPPER SPRAY

Spray with a high copper content to prevent wear and sticking of screwed connections which are exposed to very high temperatures. Copper grease has high thermal stability and is corrosion preventive. MoTip Copper Grease is resistant to temperatures of - 40°C up to + 1.100°C.

Description	Contents	Article nr	EAN-code
Copper Grease	500 ml	090301	8711347226122

VASELINE SPRAY

Universal, transparent, lubricant and preservative with excellent adhesion. Vaseline is water-repellent, pH-neutral and resistant to weather influences and weak acids and bases.

Description	Contents	Article nr	EAN-code
Vaseline Spray	500 ml	090302	8711347226146

FREEZER

Effective tool to loosen pressed connections. MoTip Freezer briefly decreases the temperature to - 50°C and has a directed jetspray.

Description	Contents	Article nr	EAN-code
Freezer	500 ml	090306	8711347226207

PENETRATING OIL

Effective tool to loosen rusted part. Penetrating oil has good penetrating properties and contains graphite and MoS₂. Penetrating oil is moisture repellent and rust preventive.

Description	Contents	Article nr	EAN-code
Penetrating Oil	500 ml	090303	8711347226160

GLUE

Glue for both permanent and temporary adhesion. Suitable to glue paper, cardboard, wood, textile and various types of plastic.

Description	Contents	Article nr	EAN-code
Glue	500 ml	090304	8711347226184

SHOCK OIL

Effective tool to loosen rusted parts. As a result of the fierce decrease in temperature to -30°C and the lubricating properties of shock oil, the screwed connection can be loosened.

Description	Contents	Article nr	EAN-code
Shock Oil	500 ml	090305	8711347226108

CERAMIC GREASE

Metal free ceramic grease with excellent adhesion, to treat parts which are liable to heavy workload and/or which are exposed to very high temperatures.

Description	Contents	Article nr	EAN-code
Ceramic Grease	500 ml	090307	8711347226221

TAR SPRAY

Lubricant and preservative on basis of Stockholm tar to prevent wear and sticking of screwed connections which are liable to heavy workload. Tar Spray gives lasting protection, is water-repellent and resistant to weather influences and weak acids and bases. MoTip Tar Spray has excellent adhesion and excellent corrosion prevention.

Description	Contents	Article nr	EAN-code
Tar Spray	500 ml	090308	8711347228973

BLACK OIL

Grease with excellent adhesion to prevent wear and sticking of screwed connections which are liable to heavy workload. Black oil is water-repellent and has an excellent corrosion prevention. Black oil prevents wear and sticking and is resistant to weather influences and weak acids and bases. MoTip Black Oil has a directed jetspray and a 360° valve.

Description	Contents	Article nr	EAN-code
Black Oil	500 ml	090300	8711347225583

TECHNICAL REFILLABLE

ALU PRESSURE CAN

Refillable Alu Pressure can to process MoTip active substances. Minimum pressure 5 bar, maximum pressure 10 bar (compressed air). Suitable for 500 ml active substance. The following active substances can be processed: Copper Grease (can of 5 litre), Brake Cleaner (can of 5 litre and drum of 25 litre), Multispray (can of 5 litre) and Multi-Purpose Cleaner (can of 5 litre).

TUNING

SPRAYPLAST Strippable lacquer

for spray can, spray gun or brush application

Flexible, peelable protective film.
Simply spray on and peel off again as required.

flexible • simple • fast

TUNING LINE

SILVER CHROME SET

Set consisting of a fast drying base lacquer and a chrome effect lacquer to highlight parts of vehicles. The base lacquer was especially developed for the Silver Chrome Lacquer in order to obtain a very smooth surface. By using Effect Primer, the ultimate chrome effect is achieved. The effect lacquer is rub-resistant, resistant to weather influences, UV-resistant and non-fading. The Silver Chrome Lacquer has a lasting high gloss and is heat resistant to 150°C.

Description	Article number	EAN-code
Silver Chrome Set	722998	4048500722998

BRAKE CALIPER SET

Set consisting of a brake caliper cleaner and a heat resistant 2-component lacquer with harder. The brake caliper cleaner, with high dissolving properties, was especially developed to clean brake pads. The lacquer has good corrosion prevention and a lasting gloss. The lacquer is scratch free and shock proof, resistant to petrol, chemicals and weather influences and reduces the adhesion of dirt.

Description	Article number	EAN-code
Brake Caliper Set Racing Red	728952	4048500728952

BRAKE CALIPER SPRAY

Lacquer to highlight brake pads. The lacquer has good filling properties and a lasting gloss. The lacquer is scratch free, shock proof and resistant to petrol, chemicals and weather influences, and is rust and dirt preventive. MoTip Tuning Line Brake Caliper Spray is available in three colours.

Description	Contents	Article number	EAN-code
Brake Caliper Spray Silver	400 ml	04096	8711347194940
Brake Caliper Spray Yellow	400 ml	04097	8711347040971
Brake Caliper Spray Red	400 ml	04098	8711347040988
Brake Caliper Spray Blue	400 ml	04099	8711347058617

TYRE MARKER

White lacquer to highlight characters on tyres.

Description	Contents	Article number	EAN-code
Tyre Marker	12 ml	30000	8711347730001

TUNING LINE

BACKLIGHT
