PRODUCT KIT - GENERIC

Complete product kit including Vehicle Communication Interface (VCI), cables, software and Vehicle database with 1 year user license with updates.

Article No.	Article specification		Rec. Enduser price (SEK)
900 200 705	GENERIC - GENERIC software including 1 year user license with updates No. 900 120 015 - CDP+ VCI 900 200 766 - Carrying Case No. 900 200 254		15 975

VEHICLE COMMUNICATION INTERFACE (VCI)

The hardware is delivered without vehicle database and user license.

Article No.	Article specification		Rec. Enduser price (SEK)
900 200 766	CDP+ - CDP+ VCI - USB Cable - DVD - Carrying Case - Security USB dongle with cable cliphook		15 595

FLIGHT RECORDER

One of the great news with the CDP+ is the built in flight recorder. Set the parameters you wish to record and store the configuration on the CDP+. Simply connect the CDP+ to the vehicle. A trigger button to start the recording is located on the end cap.

CONNECTOR WITH LED

Anyone that frequently uses a diagnostic tool knows how handy a flashlight is when you are locating the diagnostic socket under the dash board. On the CDP+ there is a LED located exactly where it is most useful, on the diagnostic connector.

MULTI COLOUR INDICATOR

The CDP+ uses a multi colour indicator which is located on the front of the unit for excellent visibility. The indicator uses different colours to show the current state of communication as well as warning for low battery voltage.

UNIVERSAL

Since the CDP+ is equipped with the class leading multiplexer technology the same VCI can be used for all vehicles regardless of age and type. A selection of adapter cables is offered to cover non 16pin OBD vehicles.

SOFTBRIDGE - PASS THRU FOR J2534 and ISO22900

The hardware is delivered without vehicle database and user license.

Article No.	Article specification		Rec. Enduser price (SEK)
900 200 798	Softbridge (compatible with J2534 & ISO22900 according to Euro 5 specifications). For details and conditions please contact your sales representative at Autocom. - VCI - USB Cable - Quick Guide - Carrying Case		14 000

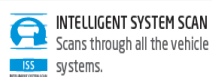

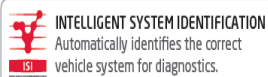

SOFTWARE FOR VCI

Software including vehicle database with 1 year user license with updates.

Article No.	Article specification		Rec. Enduser price (SEK)
900 120 002	CARS - CARS Software - CARS Vehicle database - 1 year User License with updates No. 900 110 002		11 185
900 120 002-Info Basic	CARS + Info System Basic - NEW! - As 900 120 002 - CARS Info System Basic		13 455

ATTENTION!

Orders to a value below 1.000 Euro will be charged with an additional administration fee of 20 Euro

Terms of delivery: FCA Autocom Warehouse as per Incoterms 2010.

All prices are in Euro excluding VAT. Exchange rate: 1 Euro = 9,0 SEK.

Rental and licence fees for the Security dongle is €20 per annum and are included in the software license fees.

Autocom reserves the right to renew the pricelist due to circumstances beyond its control.

Fluctuations of currency with +/- 1,5% between pricelist and current exchange rate will increase/decrease prices accordingly.

At currency exchange alterations of +/- 3%, Autocom reserves the right to distribute a new pricelist without further notice.

The currency exchange clause is valid only on terms of payment agreed on. Interest due to payments overdue will be charged.
